

Kids First Cast, Inc. Presents

By: Larry Raganit

Cabin Fever Reliever

Karcher Mall 2013

Fishing has always been one of Idaho's most popular outdoor recreation activities. Fishing groups from all over have held clinics for kids and getting them educated about the opportunities of the outdoors. Bass fishermen from state federations and clubs have been there to help show these kids the proper way to fish and show beginners the basics of fishing. Karcher Mall in 1993 was one of our first clinics we held. Kids and parents from Eastern Oregon and Idaho came to Karcher Mall to have the chance to get some fishing tips from some local Pro's. The event featured other groups that support kid's activities. It was a fun day for kids and also provided information to all who attended. About 1000 kids signed in for that opportunity.

This year Kids First Cast has decided to bring back this clinic in Nampa, Idaho at Karcher Mall. February 2, 2013 will be the date. It will be a one day event. We would like to ask if you have some spare time and would like to help, it would be most appreciated. We are looking for volunteers to help with teaching kids on stage the basics of casting. There will be information as we get closer. If you have any plastic baits or rod & reels in your home that are collecting dust and would like to donate them it would help a lot. We will be giving door prizes and some tackle packs to kids who attend.

If you are interested in being part of this or have something to donate please contact us. We appreciate all of fishermen and ladies who would like to attend. Please contact us asap so we can add you to our list.
